

Minnesota Visiting Nurse Agency *Caring in the Community*

Items \$10 or Less – Families, Children & Older Adults

A Small Investment...A Huge Return

The community provides for some basic needs and brightens the lives of our clients.

- Blankets for a family that was sleeping on the floor during the winter months with only their coats to keep them warm.
- A one-year old receives his first book.
- A new mom received a bus card so she can take her baby to doctor appointments.
- An older adult receives a grocery store certificate to help cover needed items.

For \$10 or less, many of the items purchased for our clients will make a difference that is priceless!
